

Dear Friends in Christ,

Thank you for taking the time to learn more about Siouxland Tanzania Educational and Medical Ministry. As president and one of the founders of the STEMM ministry, I warmly welcome you to discover how God has blessed us with our efforts to minister in the country of Tanzania. We were profoundly touched by the region and more importantly, by its greatest resource; its people.

We are blessed to be able to share our God-given skills to help our Tanzanian friends in a variety of ways.

Miracle Kids/ Answer the Call

Cultural Charity Tourism

We warmly welcome you to become involved in any way that you feel inspired. If this is your desire, please contact us and become part of the STEMM team. God can use you in our organization, and so can we!

Thank you once again. May God richly bless you.

Sincerely in His Service,

Dr. Steve Meyer

Your support is
always appreciated!

Trips

- Hands on service oriented trips
- Customized schedules for individuals and groups
- Long and short term volunteers
- Multiple areas of volunteer opportunities
- Rural village setting an hour from the international airport
- Personal Tanzanian guide and interpreter
- Stay with us at SMRC- our gorgeous 40 person guesthouse

Orphanage

- 50 precious children currently living at STEMM Children's Village
- Love and nurtured in a family home environment
- Emotional, spiritual, educational and medical needs provided by our mamas, aunties, and social work team and staff
- Second best rated orphanage in Northern Tanzania
- Leadership skills developed

Education

- 500 Secondary and University students sponsored and mentored every year
- Over 10,000 students sponsored since 1997
- Support of local teachers and schools by ongoing volunteer teaching, training and workshops

Miracle Kids/Answer the Call

- STEMM volunteers rescued the only 3 survivors of the worst school bus crash in Tanzanians history. May 6, 2017.
- The 3 Miracle kids were taken to our hometown of Sioux City, Iowa for surgeries and 3 months of therapy.
- Community collaboration came together to cover all expenditures.
- Reinvigorated a countries belief in Miracles
- The full story captured in Dr. Meyer's book "Answer the Call"

Medical

- Priority- teaching/training locally
- Over 1,000 surgeries completed, and 5 million \$ of medical supplies delivered
- Provide hands on experiences for US medical professionals and students
- Medical outreach to the Maasai
- Focus on women and childrens health and maternal well-being
- Birthing center at local village clinic and mid wife training

Spiritual

- Evangelism to staff and community
- Support local churches
- Nurturing our orphan children
- Transformative trips for U.S. mission teams
- Vacation bible schools
- On campus chapel

Cultural Charity Tourism

- Partner with local Maasai village to bring exclusive, private, culturally sensitive tourists to experience "Maasai for a Day" excursions.
- Empower and educate Maasai villagers in multiple areas
- Prioritize relationship building through mutual learning and respect
- Eco-tourism committee made up of Maasai and U.S. STEMM partners to oversee and facilitate use of funds for the community

Community Development

- Developing deeper community relationships through collaborations
- STEMM lunch program feeds over 4,500 grade school children a day a hot protein based lunch
- STEMM birthing center at our local medical clinic offers safe and clean birthing suites
- Infrastructure projects: wells, bridges, ongoing community education seminars
- Microfinance collaboration for women through Briar Cliff University

Agriculture

- 80 acres of farmland with ample water supply
- Provide sustainability through our produce for our 50 orphan children
- Vision for a world class Ag Tech/training institute to empower local farmers
- Invitation for global partnerships
