TO THE STEMM COUNTRY DIRECTOR,
STEMM VILLAGE
P.O.BOX
ARUSHA

I am writing this letter to thank you Mama Diana, the STEMM country director, and all STEMM board members for the cooperation which you have given us. STEMM has been supportive to us for a long time. You have been supporting us to get teaching materials as well as sending volunteering teachers. The presence of volunteering teachers and teachers support from Isack and cooperation of teachers of tanzanite raised the performance of our school for example last month our school was ranked the top second ward-wise in the mock exam among the government schools. Also the teaching materials which we got from your organization few years ago have facilitated the learning process among our pupils.

Apart from what I said above, the importance of this letter is to thank you for building a kitchen for us. We could not make it alone. The construction has finished and start to be used. I am very happy for what you did because you did more than building the kitchen in order to make sure that food services are provided at our school-- paying the cook and buying salt and cooking oil will be very helpful to our school as due to limited funds from the government and parents we couldn't afford doing those ourselves. I assure you that The School Meals Programme is effective and will be progressive as we have already taken some necessary steps; we have asked each pupil to contribute 2kg of beans, 5kg of corn flour and some wood each month up to now parents contributed one tonnes of corn or ten sacks of maize up to now we have enough food for our pupils. The School Meals Programme is an important component of policies to encourage school attendance and extra educational achievement by children, particularly those from the most disadvantaged background.

Education is very important to any society the community of Mbuguni are benefit a lot as the motto of school is education is light. There is nothing worthy we can offer to you to repay your kindness and love you have shown to us we real pray for your organization. May God bless you. Thanks

Yours,
